We soon will have a new automated system that will allow us to better communicate with our patients. We will be able to quickly send emails, texts, or phone calls to our patients to remind them of appointments, send out our newsletter, or alert them of specials or other important news. Down the road, patients will also be able to make payments and leave messages to communicate with us online. Please be sure that we have your accurate contact information and your preferred method of communication in our computer system so that this system will work properly. We will only use your information to contact you regarding our office. We would never sell any of your information to another company.

Each quarter we have a drawing and randomly select one patient who has referred another patient and one patient who has had treatment completed.

This quarter's winners are  
Mary Pleak  
and  
Phil Davis

It's a good time to get a custom fit Mouthguard for the upcoming fall sports season. Protect yourself from mouth injuries and concussions.
